youth, faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened, and baldness often, though not always, cured. It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures scurf and dandruff, and

heals nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the VIGOR is unequalled; it contains neither oil nor dye, renders the hair soft, glossy, and silken in appearance, and imparts a delicate, agreeable, and lasting perfume. MR. C. P. BRICHER writes from Kirby, O.

July 3, 1882: "Last fall my hair commenced falling out, and in a short time I became nearly bald. I used part of a bottle of Aven's Hair Vigor, which stopped the falling of the hair, and started a new growth. I have now a full head of hair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely bald." J. W. Bowen, proprietor of the McArthur (Ohio) Enquirer, says: "Aven's Hair Vigor is a most excellent preparation for the hair. I speak of it from my own experience. Its use promotes the growth of new hair, and makes it glossy and soft. The Vigor is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give autire extisfaction."

It thinned very rapidly, and I was fast growing bald. On using AYER'S HAIR VIGOR the falling stopped and a new growth commenced, and in about a month my head was sempletaly covered with short lair. It

was completely covered with short hair. It has continued to grow, and is now as good as before it fell. I regularly used but one bottle of the Vigor, but now use it occasionally as dressing."
